Press Release

Fountain Bob partners with Microtronic US to offer
Cashless Vending

Kernersville, NC, June 24, 2009 – Fountain Bob developer, Sean Sizemore owner of B.L. Sizemore, Inc., has partnered with Microtronic US as a Cashless/Contactless “Pre-paid” provider. The implementation of the Microtronic system has worked seamlessly to offer customers the ease of Fountain Drinks, juice or liquid coffee machines with multiple payment systems. “Our integration with Microtronic simply furthers many of the projects that we are currently working on”, states Mr. Sizemore, “we are happy to be working with such an easy application and we’re testing many of the various functions of the Microtronic system. We know that many Vending operators have the need for Fountain machines and we are very excited to be able to provide a system that will conform to vending drinks, juice, coffee, even ice and now with the capability to charge the end user and save money at the same time.” The Fountain Bob is available in both a Small and Large size. Call Sean Sizemore at 336-996-2727 or 1-877-GO-BOB-GO for more information.
